

## **Vivian Satterfield – University of North Carolina, Wilmington, 2020**

Vivian is a rising senior at the University of North Carolina, Wilmington majoring in communications.

**Favorite Sports Memory:** “My favorite sports memory is with any football game I've had the chance to go to. I'd say football season is my favorite of all sports seasons. NFL games as well as College football. Nothing beats a day of tailgating and watching some football with family and friends!”

**Favorite Core Value:** “My favorite of The First Tee Nine Core Values is perseverance. In my life we all have obstacles thrown our way that could throw us off track towards our goals. It's so important in life to persevere through the hard times. One of my favorite quotes is, ‘what is meant for you will not pass you by’ and this goes the same for the hardships in our lives. Everything happens for a reason and finding that reason can be hard sometimes but with perseverance we will all end up exactly where we're meant to be!”
